

*Fisher & Paykel*

Behind every product is a story and that story starts with you. Your kitchen is an expression of who you are and how you enjoy food with others. Our passion is creating better experiences that put the joy of food at the centre of your life. Eat, share, live life — we'll take care of the details.

We have been designing products since 1934 and have grown into a global company operating in 50 countries and manufacturing in the USA, Mexico, Italy, Thailand and New Zealand. Our design heritage is founded on a pioneering spirit and a culture of curiosity that has challenged conventional appliance design to consistently deliver products tailored to human needs. For us, legacy is about looking to the future while ensuring what we develop today is aligned to the fundamental principles of sustainable design. We are committed to ongoing research and development. Our culture is one of open innovation, which allows people to work collaboratively to find insights and ideas that connect with our customers and respect our planet.

Your kitchen is more than just a room; it is the heart and soul of your home. It's a space where you can share delight, fulfill a passion and taste the best life has to offer. Creating a feast for family and friends is one of life's simple pleasures. From our perspective, food needs to be more than just fuel, it needs to be delicious as well. Each of our products has been designed to bring out the chef in you, by making cooking easier, more enjoyable. This is what drives us to do what we do — creating experiences that enhance the time we spend together.

We understand that our lives are becoming more complex. We believe in technology that is both leading edge and at the same time human. This approach has led to the development of refrigerators that think for themselves to keep food fresher, and ovens so smart they help clean themselves. Whether it's refrigerators that can change from cooler to freezer at the touch of a button or clothes washers that select the correct wash action for your load — above all we believe in insight-led design that is tailored to people's changing needs around the world.

Food is theatre. From mid week convenience to gourmet weekends, each meal is a performance and the kitchen is your stage. Celebrating great food and cooking from around the world is the show. From the soft crust of a freshly baked baguette to the comforting fragrance of a slow-cooked winter casserole — variety is the spice of life. Just as we seek quality and variety in our food, we desire the same of our kitchens. We are looking for unique appliances that combine innovation with reliability and performance. Savour the taste of your next meal in tomorrow's kitchen.

**Customer Care****Call 24 hours a day, 7 days a week**

Fisher & Paykel Appliances has created a comprehensive after sales service system for our New Zealand customers. This starts with our New Zealand and Australian based Call Centres, and continues through to our fully trained mobile Service Technicians and Authorised Service Centres.

**Customer Care Call Centre**

The Fisher & Paykel Customer Care call centre has operators based in Dunedin, Auckland and Australia. Customer Service Representatives can assist you with any Fisher & Paykel, ELBA or Haier product queries. From organising servicing to helping you get the most out of your appliance, our Customer Care centre is open 24 hours 7 days a week, 365 days a year to provide you the best possible service.

Outside of the major cities we oversee a national team of Authorised Service Centres. Their training and equipment is regularly updated to ensure you receive the best possible service.

In Metropolitan areas we manage a unique Franchised network of qualified Service Technicians who specialise in providing appliance repair and service for Fisher & Paykel Appliances.

---

---

**Franchised Service Technicians**

If a service technician is required, our Customer Care representative can arrange for a local Fisher & Paykel Authorised Technician to visit. No one is better qualified than your local Fisher & Paykel trained and Authorised Technician for product repairs and service.

Just some of the benefits of having your appliance serviced by a Fisher & Paykel local Franchise Service Technician:

- Flat fee! If your appliance is out of warranty, a flat service fee will be charged. This covers the service and travel time to your premises, regardless of time spent working on your appliance. We will advise you of this charge when you call our Customer Care Centre.
  - Any replacement parts fitted as part of the repair will be charged at manufacturer-authorised prices.
  - Both the parts and the labour carry a full 12-month warranty, giving you added protection.
  - Your Fisher & Paykel Service Technician uses only genuine manufacturer quality spare parts.
  - In 92% of cases, problems are rectified within the initial call-out. Having the necessary equipment, latest technology and spare parts on hand, there is usually no need for our technicians to arrange a second visit to your home to complete the job.
- 

Local franchise Fisher & Paykel Service Technicians are available in most Metropolitan areas including:

- Auckland
- Hamilton
- Rotorua
- Tauranga
- Napier
- Hastings
- Wellington
- Christchurch
- Dunedin

Areas not specifically listed as covered by our Franchised Service Technicians will be covered by our nationwide Authorised Service Centre network.

---

**Chocolate, hazelnut and whiskey cakes**

---

**1 Ingredients  
Makes 15 wee cakes**

For the cake:

150g butter  
150g sugar  
4 eggs  
200g hazelnuts (or any other nuts you might have on hand)  
300g dark chocolate (I used 70%)  
175g sour cream  
2 tbsp whiskey

For the cherry compote:

680g jar preserved cherries, syrup included (or equal weight fresh cherries plus ¼ cup water)  
¼ cup sugar

Hazelnut praline:

100g hazelnuts, very roughly chopped  
100 g caster sugar  
water  
1 tsp vanilla extract

Gently whipped cream to serve

---

**2 Method**

For the cake:

1. Preheat oven to 180°C on bake and grease 10 ramekins. Place the hazelnuts onto a baking tray and roast for about 10 minutes. Remove and while still hot rub them between a tea towel to remove as many of the skins as possible. Some of the skins are more stubborn than others, don't worry too much — it will add a bit more texture to the cake. Once nuts have cooled, place in a food processor and process until fine.
2. Melt the chocolate over a bain-marie.
3. Cream butter and sugar until light and pale. Add eggs one at a time beating well after each addition.
4. Add the chocolate, ground hazelnuts, sour cream and whiskey into the egg mixture and stir until just combined. Do not over mix.
5. Divide the mixture between the ramekins and bake for approx 15-20 minutes (approx 30 minutes if you are making one large cake) or until a skewer comes out clean.

For the cherry compote:

1. Combine the cherries and sugar in a saucepan and boil for 15 minutes until the fruit softens. Set aside.

For the hazelnut praline:

1. Pre-heat oven to 180°C on bake. Place hazelnuts on a baking tray lined with grease-proof paper and roast for approximately 5 minutes. Remove from the oven and rub between two tea towels to remove as much of the skins as possible.
2. Place the sugar in a saucepan and add just enough water to dissolve. Bring to the boil. Reduce the heat and simmer for 10–15 minutes until the mixture turns a light golden colour. Add vanilla.
3. Pour the sugar mixture over the nuts and set aside until the praline hardens.
4. Once set place into a snap lock bag and bash with a rolling pin to break the praline up into pieces.

To serve:

1. Place cakes on individual plates and spoon over the cherry compote followed by a sprinkling of hazelnut praline and a dollop of whipped cream.
-

### 1 **Fisher & Paykel Designer Kitchen Range**

Fisher & Paykel's Designer kitchen range brings together design and functional elements to achieve flawless contemporary cohesion, with a range that includes DishDrawer™ dishwashers, a comprehensive collection of flat door refrigerators, built-in ovens, freestanding ranges, cooktops and rangehoods.

The sleek and modern stainless steel flat fascia and squared handle profiles of the Fisher & Paykel Designer kitchen range epitomise design simplicity and effortless style. Built with the latest intelligent technology and embellished with modern style, one can benefit from high performance cooking, cleaning and refrigeration whilst enjoying leading edge aesthetics.

### 2 **Fisher & Paykel Classic Kitchen Range**

Fisher & Paykel's Classic kitchen range offers a comprehensive selection of appliances including built-in ovens, cooktops, rangehoods, refrigerators, DishDrawer™ dishwashers and dishwashers that will complement any household. Popular white and stainless steel finishes are available throughout the range, while the curved, refined styling and rounded handles complete a sophisticated and polished look.

Simple, functional features are easy to use and perform brilliantly without adding complexity. Fisher & Paykel's Classic kitchen appliances are designed to be low maintenance and to let you enjoy the pleasure of cooking. Effortless, straightforward and undemanding, the way your kitchen should work for you.

# COOK

Whether your preference in cooktops is gas, induction or electric, all our cooktops offer precise, consistent, state-of-the-art control. Our built-in ovens and freestanding ranges are designed with a full range of cooking requirements and temperatures, giving you greater flexibility. The most demanding and creative cook can enjoy cooking like a chef and will be thrilled with the flexibility and control of their new Fisher & Paykel range.

---

### 90cm Large Capacity Built-in Ovens

Large capacity 90cm cookware is designed for superior performance and to meet a demanding professional standard in terms of size, quality and craftsmanship.

---

#### 1 Innovative

Illuminated halos which surround the temperature and function dials tell you if the oven is on and whether or not it has reached the selected temperature.

---

#### 2 Convenient

Simply remove the racking, set to self-clean and the oven will take care of any grease or grime, reducing it to ash that's easily wiped away with a cloth.

---

#### 3 Ergonomic

Smooth and balanced dial movement allows for easy and precise temperature adjustment.

---

#### 4 Intuitive

Illuminated function icons, which disappear into the background when off, providing clear user control.

---

#### 5 Responsive

Spacious cavity designed to accommodate more than a regular oven, allows both side-by-side and double layered cooking.

---

#### 6 Precise

Professional quality rotisserie roasts meat to healthy and succulent perfection.

---

#### 7 Efficient

A powerful 4050W grill gives you an even and fast result, locking in all the flavours and nutrients.

---

#### 8 Safe

Features cool touch doors that are made of 4 panes of glazed glass and its own cooling system to ensure externally it's safe to touch.

---

---

### 76cm Large Capacity Built-in Ovens

Fisher & Paykel large capacity ovens are visually impressive at 76cm wide, they deliver outstanding performance and have innovative features that make it easy to cook for a crowd, be it family or friends.

- 
- 1 Innovative**  
The latest in microprocessor control means you can count on this oven to reach the specified temperature quickly, and maintain it.
  - 2 Convenient**  
The pyrolytic self-cleaning function turns all grease and grime to ash, so all you need to do is wipe away the residue with a cloth.
  - 3 Ergonomic**  
Easy-glide telescopic oven shelves slide in and out effortlessly, while eight shelf positions give you a vast range of options for organising the interior of the oven.
  - 4 Intuitive**  
A Sabbath mode is built-in to meet requirements for certain religious faiths.
  - 5 Responsive**  
Heats to 175°C in less than ten minutes, and to 220°C in fifteen. The super powerful 4400W grill locks in flavour and nutrients fast.
  - 6 Precise**  
The AeroTech™ convection system guarantees consistent temperature throughout the oven.
  - 7 Efficient**  
At 104 litres, this oven is big enough to cook a turkey on one shelf with room for a large pan of roast vegetables on another.
  - 8 Safe**  
Features cool touch doors that are made of 4 panes of glazed glass and its own cooling system to ensure externally, it's safe to touch.
- 

---

### 60cm Built-in Ovens

Sharing similar features as our larger Built-in Ovens, these 60cm wide ovens will provide years of culinary enjoyment.

- 
- 1 Innovative**  
Up to nine functions to choose from to give you flexibility and complete control. Choose the oven function that best suits your dish.

---

  - 2 Convenient (OB60S9DEP models only)**  
Simply remove the racking, set to self-clean and the oven will take care of any grease or grime, reducing it to ash that's easily wiped away with a cloth.

---

  - 3 Ergonomic**  
Easy-glide telescopic oven runners slide in and out effortlessly, while six shelf positions give you a vast range of options for organising the interior of the oven.

---

  - 4 Intuitive (OB60S9 models only)**  
Illuminated halos which surround the temperature and function dials tell you if the oven is on and whether or not it has reached the selected temperature. Each function is pre set to the temperature you are likely to use.

---

  - 5 Responsive**  
The 3000W Grill provides rapid and consistent results, quickly searing food to seal in flavours and nutrients.

---

  - 6 Precise (OB60S9 models only)**  
An electronic thermostat controls temperature variation when cooking, ensuring consistent temperatures throughout the oven.

---

  - 7 Safe**  
Features cool touch doors that are made of up to 4 panes of glass (3 on non-pyrolytic models) and its own cooling system to ensure externally it is safe to touch.
-

---

### 90cm Freestanding Range

This freestanding range gives you the flexibility to prepare several courses simultaneously. With an extra large oven, combined with a 5-burner gas cooktop, the clean lines in glass and stainless steel complement the style and elegance of any kitchen. It's also visually impressive at 90cm wide.

- 
- 1 Innovative**  
Professional performance, offering up to eight oven functions from fan grill to traditional bake and rotisserie – perfect for any culinary requirements.
  - 2 Convenient**  
The door and its inner pane of glass can be removed for easy, hassle-free cleaning and the storage drawer minimises clutter for all oven accessories.
  - 3 Ergonomic**  
Streamlined trivets let you slide pots and pans without lifting them.
  - 4 Precise**  
A professional quality rotisserie to roast healthy and succulent meat to perfection. Clear, easy-to-use dials give you exceptional control over cooking temperatures.
  - 5 Efficient**  
A powerful grill gives you a fast and even result, locking in all the flavours and nutrients.
-

---

**CookSurface**

A revolution in cooking. Combining the superior performance of gas cooking and the convenience of a ceramic glass surface with retractable burners and pan supports.

---

**1 Easy Clean**

Sheer ceramic glass surface allows for easy cleaning after cooking — wipe and walk away.

---

**2 Space Saver**

Frameless gas cooktop with electronic control. World first — Independently operated gas Aero® burners and pan supports that retract virtually flush into the ceramic glass surface when not in use.

---

**3 Ergonomic**

Easily accessible and ergonomically designed three-in-a-row configuration.

---

**4 Intuitive**

Dial control with audio and visual feedback for precise linear flame control.

---

**5 Responsive**

Quiet glow ignition means quick flame with no spark and no struggling to ignite.

---

**6 Precision**

Uniquely designed burners ensure even heat distribution with a powerful, high setting and low turndown.

---

**7 Efficient**

Aero® burners mix fan-forced air at lower settings to reduce peak temperatures for effective simmering.

---

**8 Safety**

Features a key lock as a safety precaution.

---

**9 Award winning**

Gold NZ Best Design Award 2008, Stringer Supreme Award 2008, Australian International Design Award 2009, GOOD DESIGN Award 2009.

---

---

**Gas on Glass Cooktops**

(available early 2012)

Combines the cleanability of highest quality glass surface with the efficiency of gas cooking; precision of latest burner technology with elegant stainless steel controls; and an elegant, highly desirable design aesthetic inspired by European styling. As part of a modular family of kitchen appliances, this cooktop is designed using premium quality materials with a polished stainless steel trim that will signify this range of everyday premium product.

---

**1 Innovative**

All our gas flat cooktops come equipped with powerful burners; The Wok burner has a uniform flame for even heat distribution while the auxiliary burner has the added capability of exceptionally low temperatures (0.7Mj/hr) making it ideal for delicate sauces.

---

**2 Convenient**

Easy to clean cooktop design, simply remove the trivets, wipe and walk away.

---

**3 Ergonomic**

These cooktops are available in a frameless black ceramic glass with contrasting reflective glass control panel, separated by a polished stainless steel trim designed to blend seamlessly into your kitchen.

---

**4 Safe**

Flame failure safety device, if the flame is accidentally extinguished, the gas automatically turns off.

---

**5 Eco friendly**

We only use ceramic glass for our gas flat cooking zones. Our glass is eco-friendly, not using any arsenic or heavy metals in the manufacturing process.

---

*Fisher & Paykel*

---

### Gas Cooktops

For chefs who prefer the conventional method of cooking, Fisher & Paykel have introduced a range of smart features that make cooking with gas easier, quicker and more convenient than ever before.

- 
- 1 Innovative**  
All Fisher & Paykel gas cooktops feature electronic ignition. It's quick, reliable and safe.
  - 2 Convenient**  
Fisher & Paykel cooktops feature a wide range of burner sizes and power for everything from a slow simmer to a intense heat for steaks and stir-fries.
  - 3 Responsive (CG905DWAX1 model only)**  
Indicator lights show which burners are in use and alerts you if the gas shuts down.
  - 4 Efficient**  
Durable heavy-duty cast iron trivets, hard wearing for a long life.
  - 5 Safe**  
On selected models, if the flame is accidentally extinguished, the gas automatically turns off.
-

---

## Induction Cooktops

Traditionally we cook by generating heat from one source, such as a flame, and conducting it to another. The Fisher & Paykel Induction cooktop works on a different principle. The cooktop itself produces electromagnetic vibrations which induce the pot or pan to generate its own heat. The results are shorter heat up times, greater precision, and a safer cooking surface.

---

### 1 Innovative

Induction cooking means when you change the heat setting it adjusts almost instantly.

---

### 2 Convenient

The intelligent timer lets you activate any combination of cooking zones. Or use the minute minder to manage foods that require precision in cooking.

---

### 3 Ergonomic

Soft touch controls are simple to use and provide great precision. The cooktops are perfectly flat so the surface can be used as an extension of your preparation area.

---

### 4 Responsive

The special PowerBoost function delivers instant, intense heat when you need it. The cooktop also has a GentleHeat function for slow, continuous simmering.

---

### 5 Safe

The cooktop will alert you if it's turned on without a pot or pan on it, and will switch itself off if you don't respond. Pan detection system switches the cooktop off if the pan being used isn't suitable for induction cooking. It also features a key lock as a safety precaution.

---

### 6 Eco friendly

We use ceramic glass in the production of our induction cooktops. Our glass is eco-friendly, not using any arsenic or heavy metals in the manufacturing process.

---

---

## Electric Cooktops

Our electric cooktops have a range of built-in features that make cooking easier while at the same time giving you greater control.

---

### 1 Innovative

Ceramic cooktops come with two, four or five element sizes for cooking flexibility. The auto heat function gives a boost of power to boil the pan quickly, then intelligently reduces to your chosen setting.

---

### 2 Convenient

Flat ceramic surfaces for easy cleaning. The intelligent timer lets you activate any combination of cooking elements, or simply use it as a minute minder.

---

### 3 Ergonomic

The Touch&Slide is perfectly flat so the surface can be used as an extension of your preparation area.

---

### 4 Intuitive

Your choice of classic knob controls or perfectly flat Touch&Slide functionality.

---

### 5 Responsive

These cooktops have exceptionally fast heating elements which provide precise temperature control from a rapid boil to an extremely low simmer.

---

### 6 Safe

After use, hot surface indicators glow until the surface is safe to touch. In addition, the Touch&Slide cooktop will turn off if something spills over the controls.

---

### 7 Eco friendly

We use ceramic glass in the production of our electric cooktops. Our glass is eco-friendly, not using any arsenic or heavy metals in the manufacturing process.

---

## OB90, OB60, OR120, OR90, OR60, models

**Bake:** Heat is provided from the upper and lower elements. A traditional cooking mode, suitable for single shelf cooking of items like cakes, delicate items like sponges, custard tart and crème brûlée.

**Fan Bake:** The oven fan circulates hot air from upper and lower elements and distributes it around the cavity. Food browns more quickly, great for crisping pastry. Suitable for robust items like cookies, scones and muffins.

**Classic Bake:** Uses the heat from the lower element only, this is a traditional cooking mode which is suitable for recipes that were developed in older ovens. For best results, cook on only one shelf at a time. Perfect for foods that require delicate cooking and have a pastry base, like custard tarts, quiches and cheesecake or anything that does not require direct heat and browning on the top surface.

**Pastry Bake (OB90S9M models only):** The lower heating element and fan provide outstanding cooking performance.

**Roast:** A two step programme that has been developed to help you cook delicious roasts effortlessly. This function is a combination of grill and bake, grilling your food for the first 20 minutes then bakes at the set temperature for the rest of your cooking time. This sears the meat to keep in the juices.

**Grill:** The grill element delivers heat for fast, healthy grilling. Perfect for tender meat cuts, toasting and crisping.

**Fan Grill:** The oven fan circulates hot air from the top element for high speed grilling and produces food with a finish that is similar to a rotisserie. Food is crisp and brown on the outside while the inside remains moist and tender.

**Fan Forced (excludes OB60SCM models):** A very flexible method of cooking. A concealed element surrounding the fan at the rear of the oven heats air which is then distributed evenly around the cavity. This is the ideal mode for multi-shelf cooking and complete oven meals.

**Defrost (excludes OB60SCM models):** The oven fan circulates air around the oven, speeding up the defrosting process by up to 30%.

**Warm (excludes OB90S9M, OB60S9D, OB60SCM models):** Use this function to keep cooked food hot and to warm plates and serving dishes.

**Warm (OB90S9M, OB60S9D models only):** Use this function to keep cooked food hot and to warm plates and serving dishes.

**Pyrolytic Self Clean:** During the self clean cycle, the oven reaches higher temperatures than it does for cooking, breaking down soil and grease deposits which can then be wiped away with a cloth afterwards.

**Rotisserie:** A delicious way to cook meat and poultry. The slowly rotating food is basted continuously in its own juices, making it tender on the inside and well browned and full of flavour on the outside.

## OB76 models

**Pyrolytic Self Clean:** During the self clean cycle, the oven reaches higher temperatures than it does for cooking, breaking down soil and grease deposits which can then be wiped away with a damp cloth.

**Aero™ Pastry:** Heat from the lower concealed element is circulated throughout the oven cavity by the Aero™ fan. Excellent for sweet and savoury pastry foods, for moist breads and brownies and biscuits that you want extra chewy.

**Roast:** A two step programme that has been developed to help you cook delicious roasts effortlessly. This function is a combination of grill and bake, grilling your food for the first 20 minutes then bakes at the set temperature for the rest of your cooking time. This sears the meat to keep in the juices.

**Bake:** Heat comes from the top outer and lower concealed elements. Bake is the conventional cooking mode, suitable for single shelf cooking.

**Aero™ Bake:** The oven fan circulates hot air from the top outer and lower concealed elements and distributes it around the oven cavity. Aero™ Bake is great for crisping pastry in lemon meringue pie and vegetable filo parcels.

**Pastry Bake:** Uses the heat from the lower element only, this is a traditional cooking mode which is suitable for recipes that were developed in older ovens. For best results, cook on only one shelf at a time. Perfect for foods that require delicate cooking and have a pastry base, like custard tarts, quiches and cheesecake or anything that does not require direct heat and browning on the top surface.

**Maxi Grill:** Delivers intense heat from the entire top element. It is the most suitable mode for 'finishing off' many meals, for example browning the top of potato gratin and frittata as well as cooking smaller cuts of meat. Use Maxi Grill to toast bread or grilling your favourite chicken, fish and steak.

**Aero™ Grill:** Produces food with a finish that is similar to a rotisserie. Meat, poultry and vegetables cook beautifully; food is crisp and brown on the outside while the inside remains moist and tender.

**Grill:** Delivers intense heat from the inner region of the top element. Great when you need to quickly grill smaller dishes, for example crème brûlée or one to two portions of your usual favourites, like crispy chicken breasts or a steak.

**TrueAero™:** A concealed heating element surrounding the fan in the rear of the oven heats air which is then blown into the cavity. The consistent temperature creates an ideal oven environment providing baked goods which are well risen and evenly coloured.

**Warm:** A constant low heat of 75°C. It is excellent for keeping cooked food hot or warming plates and serving dishes.

**Sabbath mode (OB90S9M, OB60S9DEX1, OB60S9DEPX1 models only):** This setting is designed for religious faiths that observe a 'no work' requirement on the Sabbath. It is used in conjunction with the **Bake**  function.

**Note:** Use all oven functions with the oven door closed.

Built-in Ovens

**90cm Pyrolytic Built-in Oven**  
OB90S9MEPX1, OB90S9MEPM1

**Brushed Aluminium Baking Tray**  
OB90

A brushed aluminium baking tray, ideal for scones and biscuits.

**Part No. 574773**

**Grill Pan**  
OB90

Use with or without the grill rack. Ideal for roasting and grilling.

**Part No. 544304P**

**Grill Rack**  
OB90

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 574821P**

**Wire Oven Shelf**  
OB90

The wire oven shelf provides a sturdy surface to hold trays.

**Part No. 574798P**

**Step Down Oven Shelf**  
OB90

Allows the user to make the most of the space in the oven.

**Part No. 574803P**

**Rotisserie Spit**  
OB90

Ideal for cooking meat.

**Part No. 574918**

**Rotisserie Stand**  
OB90

Support racks for Rotisserie Spit.

**Part No. 574783**

**Cooking Probe**  
OB76

The cooking probe detects the temperature of the centre of the meat, the temperature is then revealed on the control panel. It will stop the cooking function once the predetermined temperature is reached.

**Part No. 545429**

**Brushed Aluminium Baking Tray**  
OB76

A brushed aluminium baking tray, ideal for scones and biscuits.

**Part No. 547197**

**Grill Grid**  
OB76

The Antisplatter grill grid sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 547085**

**Grill Pan**  
OB76

Use with or without the grill rack. Ideal for roasting and grilling.

**Part No. 547084**

**Grill Rack**  
OB76

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 541817**

**Telescopic Sliding Shelf**  
OB76

The telescopic sliding shelf slides back and forth making it safe and easy to move trays into and out of the oven. It can be easily removed to change position for cooking or complete removal for cleaning.

**Part No. 546952**

**Wire Oven Shelf**  
OB60

The wire oven shelf provides a sturdy surface to hold trays.

**Part No. 574923**

**Step Down Oven Shelf**  
OB60

Allows the user to make the most of the space in the oven.

**Part No. 574924**

**Brushed Aluminium Baking Tray**  
OB60

A brushed aluminium baking tray, ideal for scones and biscuits.

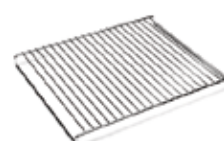

**Part No. 574778**

**Grill Pan Enamel**  
OB60

Use with or without the grill rack. Ideal for roasting and grilling.

**Part No. 574841P**

**Grill Rack**  
OB60

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 574786**

**Fat Filter**  
OB60

Use when roasting to prevent build up on the oven fan.

**Part No. 574100**

**Removable Telescopic Runners**  
OB60

Removable telescopic runners. Provide up to three shelf levels which can be drawn out of oven for easy access.

**Part No. 574088 (RH Runner)**  
**Part No. 574089 (LH Runner)**  
**Part No. 574920 (60L Oven – Side rack)**  
**Part No. 574852 (43L Oven – Side rack)**

**Side Catalytic Liner Kit**  
OB60

Self-cleaning catalytic panels, coated with special microporous enamel, absorb oil and fat splashes during high temperature cooking.

**Part No. 544321**

**Side and Rear Catalytic Liner Kit**  
OB60

Self-cleaning catalytic panels, coated with special microporous enamel, absorb oil and fat splashes during high temperature cooking.

**Part No. 544322**

**Trim Kit**  
OB60N

Trim kit for OB60N compact oven to make product 480mm high giving ability to match DishDrawer™ Tall dishwasher.

**Part No. 89168**

**Grill Pan Support**  
OR90SDBGFX1

Holds grill pan in place.

**Part No. 573758**

**Rotisserie Spit**  
OR90SDBGFX1

Ideal for cooking meat.

**Part No. 573679 + 573680 + 573755**

**Metal Grill Pan Handle**  
OR90SDBGFX1

Use a pair in conjunction with the grill pan to provide safe easy access to the hot pan in the oven.

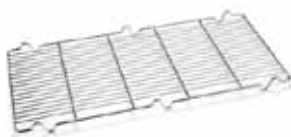

**Part No. 573625**

**Grill Pan**  
OR90SDBGFX1

Ideal for roasting and grilling.

**Part No. 573847P**

**Grill Rack**  
OR90SDBGFX1

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 573760**

**Grill Pan**  
OR120DDWGF1, OR60

Use with or without the grill rack. Ideal for roasting and grilling.

**Part No. 574395P**

**Removable Telescopic Runners**  
OR120DDWGF1, OR60

Provide up to three shelf levels which can be drawn out of oven for easy access.

**Part No. 574088 (RH Runner)**  
**Part No. 574089 (LH Runner)**  
**Part No. 574188 (Side rack)**

**Brushed Aluminium Baking Tray**  
OR120DDWGF1, OR60

A brushed aluminium baking tray, ideal for scones and biscuits.

**Part No. 574095P**

**Grill Rack**  
OR120DDWGF1, OR60SDBGFX1

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 574099**

**Step Down Oven Shelf**

OR120DDWGF1, OR60SDBGF1

Allows the user to make the most of the space in the oven.

**Part No. 574251**

**Oven Shelf**

OR120DDWGF1, OR60SDBGF1

The wire oven shelf provides a sturdy surface to hold trays.

**Part No. 574250**

**Plastic Grill Pan Handle**

OR60

Use a pair in conjunction with the grill pan to provide safe easy access to the hot pan in the oven.

**Part No. 574403**

**Rear Catalytic Liner**

OR90SDBGF1, OR60

Self cleaning catalytic panels, coated with special microporous enamel, absorb oil and fat splashes during high temperature cooking.

**OR90SDBGF1 Part No. 575362**  
**OR60SDBGF1 Part No. 574407**

Self cleaning catalytic panels, coated with special microporous enamel, absorb oil and fat splashes during high temperature cooking.

**OR90SDBGF1 Part No. 573836**  
**OR60SDBGF1 Part No. 574404**

**Side and Rear Catalytic Liner Kit**

OR90SDBGF1, OR60, OR120

Self-cleaning catalytic panels, coated with special microporous enamel, absorb oil and fat splashes during high temperature cooking.

**OR90SDBGF1 Part No. 89118**  
**OR60SDBGF1 Part No. 89119**  
**OR120DDWGF1 Part No. 89119 (2 required)**

**Skillet**

OR120DDWGF1

Ideal for cooking steak or larger cuts of meat on a gas top.

**Part No. 573897**

**Fat Filter**

OR120DDWGF1, OR90SDBGF1, OR60

Use when roasting to prevent build up on the oven fan.

**Part No. 574100**

## Freestanding Range and Cooktop Accessories

65

### Cast Iron Skillet

Suitable for all gas cooktop models

Ideal for cooking steak or larger cuts of meat on a gas cooktop.

**Part No. 531425**

### Wok Stand

CG604DW, CG604CW, CG905DWF

Provides support for wok.

**Part No. 533497**

### Wok Stand

OR120DDWGF1, OR90SDBGF1, OR60SDBGF1, CG604CW (White models)

Provides support for wok.

**Part No. 533162**

### Simmer Mat

Suitable for all gas cooktop models

A simmer-mat when used on a small burner on low, helps to control the temperature of cooking surface to ensure long slow simmering.

**Part No. 530460**

### Roasting Dish

OR61

Ideal for roasting and grilling.

**Part No. 575340**

### Grill Grid

OR61

Sits inside the grill pan to ensure even airflow around the food and ensure fat drips away from food.

**Part No. 575339**

### Oven Shelf

OR61

The wire oven shelf provides a sturdy surface to hold trays.

**Part No. 461417**

### Baking Tray

OR61

Flat baking tray to bake biscuits and scones.

**Part No. 575338**

All accessories can be purchased through your Fisher & Paykel dealer or through Fisher & Paykel Spare Parts.

# VENT

69

Kitchen inspiration doesn't exist in a vacuum, but simple and responsive extraction is always important. Built to perform, our rangehoods effectively capture and eliminate cooking odours, vapour or steam. Each has been designed as the perfect partner products to our cooktops and include sleek black glass with brushed stainless steel to complement any modern kitchen.

*Fisher & Paykel*

---

## VentSurface

VentSurface has been designed to provide a simple and efficient means of removing steam and cooking odours from the kitchen through automatic adjustment.

- 
- 1 Innovative**  
Once set to automatic, the clever technology is alert for the need to respond the moment you start cooking.
  - 2 Convenient**  
The sheer reflective black glass finish, makes greasy, unsightly filter traps a thing of the past.
  - 3 Responsive**  
Clever sensors allow it to constantly adjust to capture and eliminate rising cooking odours, vapour or steam.
  - 4 Efficient**  
Perimeter extraction technology creates a high velocity vacuum that is more effective over a wider area than traditional rangehoods and far quieter than conventional technology.
  - 5 Intuitive**  
A small range of simple, soft touch buttons give you control of the technology inside.
-

---

## Rangehoods

Banish steam, smoke and lingering smells. Fisher & Paykel rangehoods offer a selection of fan speeds and clever features that quietly and efficiently remove them all.

---

### 1 Convenient

An interior, wipeable plate makes cleaning easier (HC120DCXB1, HC90DCXB1, HC90CGX1). Multi-layered filters trap grease effectively. Designed for easy removal, the filters are easy to clean and are dishwasher safe.

---

### 2 Responsive

The sleek touch control panel responds to the touch of your finger. Halogen lights provide superb illumination over the entire cooking surface. The dimmable light feature enables you to create the perfect level of light (HC120DCXB1, HC90DCXB1 only).

---

### 3 Efficient

Odours can linger in the kitchen well after cooking. The practical timer feature keeps the canopy working for up to fifteen minutes before it automatically turns itself off (HC120DCXB1, HC90DCXB1, HC90CGX1).

---

# COOL

In any kitchen an even temperament as well as temperature is essential. Technology that adjusts to your needs is our focus. The ActiveSmart™ range of refrigerators continually adjusts the flow of cold air into your fridge and freezer by sensing daily use and climatic conditions, ensuring that an optimum temperature is always maintained to keep food fresh.

## CoolDrawer

The world's first multi-temperature CoolDrawer can be set to freezer, chill, fridge, pantry or wine cooler mode, allowing you to adapt the CoolDrawer to suit your changing lifestyle needs. The convenient drawer design provides flexibility of location, to optimise kitchen and entertainment spaces.

### 1 Innovative

Multi-temperature CoolDrawer is a world first in refrigeration technology.

### 2 Convenient

Five temperature settings can be tailored to the needs of your food.

### 3 Ergonomic

Easy access at waist-height, with smooth running drawers.

### 4 Intuitive

Easy to use electronic interface can change the CoolDrawer temperature at the push of a button.

### 5 Flexible

Complements your existing refrigeration and enhances your kitchen design to suit your lifestyle.

### 6 Precise

Highly engineered finishing ensures a 4mm clearance between front panels as demanded by professional cabinet-makers.

### 7 Award Winning

House & Garden Magazine Product of the Year 2008, K+BB Innovative Product of the Year Award 2008, Silver Best Design Award 2008, Home Beautiful Product of the Year 2008, Smarthouse Best Refrigeration System 2008 & 2009, Australian International Design Mark 2009, iF Design Award 2010.

### ActiveSmart™ Refrigerators

ActiveSmart™ works with you by sensing how you use the fridge and then adjusting the settings accordingly. A range of luxury features complete the picture.

---

- 1 Innovative**  
ActiveSmart™ continuously adjusts the flow of cold air into your fridge and freezer by sensing your daily use and climatic conditions, ensuring it maintains optimum temperatures throughout the fridge.
  - 2 Convenient**  
Includes built-in ice maker, chilled filter water on tap (selected models), large-capacity bottle shelves and Bottle Chill for when friends drop in unannounced.
  - 3 Ergonomic**  
Quality extension runners allow you to fully slide the freezer and vegetable bins in and out, for easy loading and unloading.
  - 4 Intuitive**  
The Humidity Control System lets you create the perfect 'micro-climate' in each storage bin for specific fruits and vegetables, keeping them fresh for longer.
  - 5 Precise**  
An optional surround kit for selected models gives the refrigerator a clean, built-in look.
  - 6 Efficient**  
Alarms on the refrigerator and freezer alert you if the door has been left open.
  - 7 Safe**  
Secure glass shelving prevents drips and spills falling on the food below.

RB90S64MKIW1

Integrated (or optional EZKleen Stainless Steel and Iridium skins available)

**Dimensions:** H640 x W855 x D557 mm

**Capacity:** 123 litres Total

**Energy rating:** 3 Star (Refrigerator mode)

**Energy usage:** 163 kWh per year

**Modes:**

**Chill (-0.5°C):** ideal for poultry and fish products

**Pantry (12°C):** specifically for foods such as tomatoes, bananas, bread and cereals

**Wine (7 – 15°C):** special settings that preserve and present wine at its optimum temperature

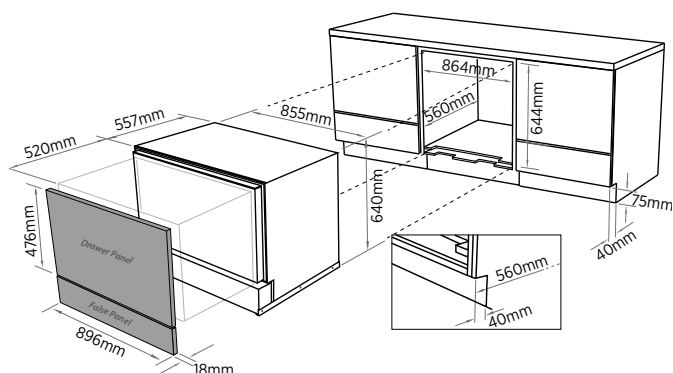

**Refrigerator (3°C):** ideal storage for most foods, fruits, vegetables, dairy products, processed meats and drinks

**Freezer (-18°C):** general frozen food storage, with the added flexibility of 3 freezer functions: Bottle chill, Fast freeze, Deep freeze

**Features:** Touch control glass interface, Key lock, Variable temperature control, Fruit and vegetable drawer, Customisable storage container, Drawer alarm, Sabbath mode

**2 YEAR  
PARTS & LABOUR  
WARRANTY**

## French Door Refrigerator

**Models available:**

RF610ADUX: EZKleen Stainless Steel flat door with designer handle  
RF610ADUM: Iridium flat door with designer handle

**Dimensions:** H1780 x W900 x D730 mm

**Capacity:** 433 litre Refrigerator

181 litre Freezer

614 litre Total

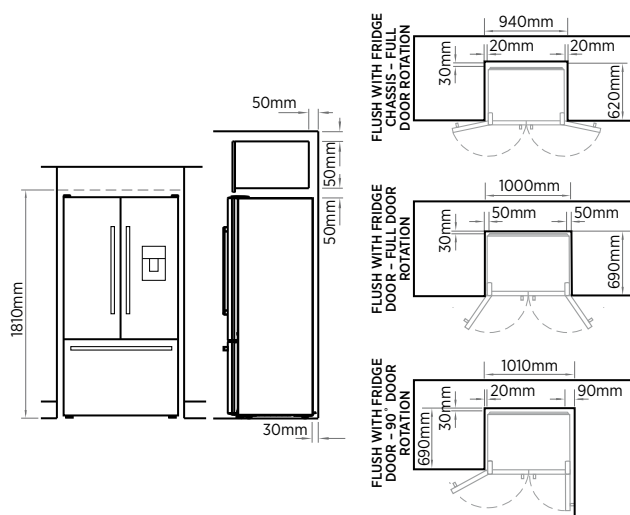

**Energy rating:** 2 stars

**Energy usage:** 663 kWh per year

**Performance:** ActiveSmart™ system, Frost Free freezer, Adaptive defrost, Humidity control system, Humidity control lid, Sabbath Mode

**Refrigerator:** Water dispenser, Door alarm, 3 Adjustable glass shelves, Bottle rack, 6 Half width adjustable door shelves, 2 Covered door shelves, Halogen light, Deli storage area

**Freezer:** Built-in ice maker, 1 Large plastic bin, 2 Small plastic bins, Ice bin and scoop, Halogen light, Door alarm

**Ice Cube Tray**

Great to have more ice on hand when entertaining or during the warmer summer months.

**Part No. 874107**

**Ice Cube Lid**

Using a lid on the ice cube tray stops the ice from slowly evaporating.

**Part No. 874108**

**Bottle Rail Divider**

Add another divider in to keep those large bottles securely in place.

**Part No. 883121 (635 – 790mm)**  
**Part No. 837079 (900mm)**

**Bottle Rack**

Full width bottle rack. Available in 635mm, 680mm, 790mm or 900mm widths.

**Part No. 818855 (900mm)**  
**Part No. 818854 (790mm)**  
**Part No. 818853 (680mm)**  
**Part No. 818852 (635mm)**

**Silver Glass Shelf**

Ideal for making the most of the space in the refrigerator, simply add another shelf. Available in 635mm, 680mm, 790mm or 900mm widths.

**Part No. 837117P (900mm)**  
**Part No. 836751P (790mm)**  
**Part No. 836750P (680mm)**  
**Part No. 836806 (635mm)**

**White Glass Shelf**

Ideal for making the most of the space in the refrigerator, simply add another shelf. Available in 635mm, 680mm, 790mm or 900mm widths.

**Part No. 836667P (790mm)**  
**Part No. 836666P (680mm)**  
**Part No. 818557 (635mm)**

**Water Filter**

Provides clean filtered water. For best results replace every 6 months or 2800 litres (indicated on fridge LCD).

**Part No. 836848**

**Hettich Fisher & Paykel Designer Handles**

Perfectly mirrors the sleek squared profiles and metal finishes as seen on the Fisher & Paykel Designer kitchen range. Available from Hettich New Zealand in 220mm, 252mm, 350mm, 476mm, 565mm and 588mm.

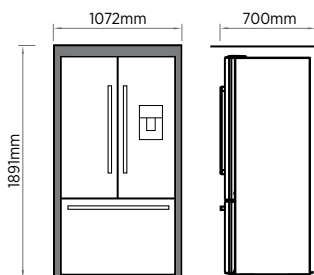

**Integration Kit**

Allows you to conceal your refrigerator behind your kitchen joinery.

### Stainless Steel Surround Kit 900mm

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

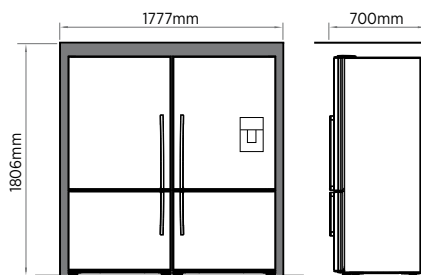

**Part No. 818763**

### Stainless Steel Surround Kit 790 + 790mm

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

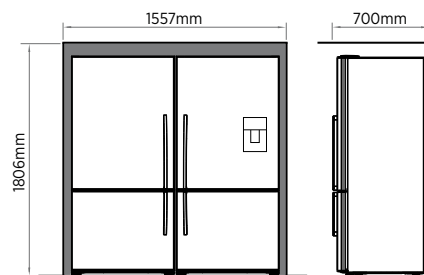

**Part No. 818759**

### Stainless Steel Surround Kit 680 + 680mm

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

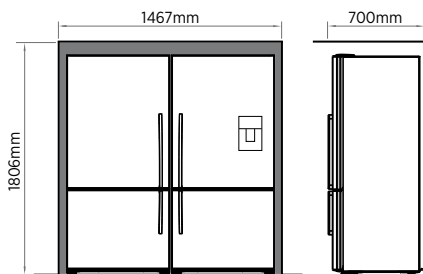

**Part No. 818760**

### Stainless Steel Surround Kit 635 + 635mm

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

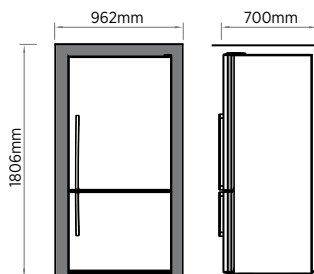

**Part No. 818761**

### Stainless Steel Surround Kit 790mm Right and Left hand

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

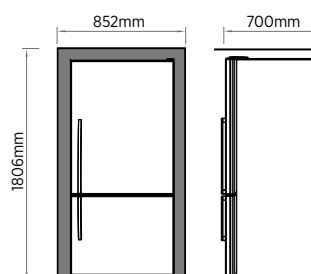

**Part No. 818762 (Right) 818758 (Left)**

### Stainless Steel Surround Kit 680mm Right and Left hand

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

**Part No. 820972 (Right) 820971 (Left)**

Note: Please refer to Surround Kit Installation Sheet for installation directions.

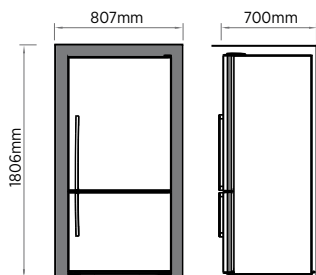

All accessories can be purchased through your Fisher & Paykel dealer or through Fisher & Paykel Spare Parts.  
Fisher & Paykel Spare Parts 0800 287 746, Fisher & Paykel Customer Care 0800 FP CARE, or online at [www.fisherpaykel.co.nz](http://www.fisherpaykel.co.nz)

### Stainless Steel Surround Kit

635mm Right and Left hand

Allows you to build your refrigerator into your kitchen cabinetry to give it an integrated look.

**Part No. 820970 (Right) 820969 (Left)**

### Joiner Kit

Joiner Kit may need to be trimmed for smaller refrigeration pairs.

**Part No. 819264 (Silver) 819263 (White)**

*Fisher & Paykel*

# CLEAN

Why shouldn't cleaning up be as enjoyable as cooking itself? The DishDrawer™ Dishwasher range is designed to make life easy. Wide, tall, double and single drawer options allow you to choose the combination that works for your lifestyle. The range can easily be concealed behind kitchen cabinetry to seamlessly blend in with your kitchen and the ergonomic design requires less movement to open, load and close — minimising bending. There is also a selection of conventional dishwashers to complement the range.

### DishDrawer™ Wide Dishwasher

A simple solution for entertainers and large families, the DishDrawer™ Wide is an enlarged version of the standard DishDrawer™ dishwasher. At 90cm wide it accommodates nine place settings, has fully adjustable racking and the tub design easily fits large platters, chopping boards, pans and roasting dishes. Also available in an integrated model that blends in with your kitchen cabinetry.

#### 1 Innovative

Before washing begins, detergent goes through the world's first flow through dispenser to ensure it is thoroughly dissolved, providing a faster, more hygienic wash with no hint of detergent burn.

#### 2 Convenient

Taller than the standard DishDrawer™ dishwasher so you can fit large plates up to 31.5cm in diameter. Racking is designed to hold long utensils and can fold away to free up space.

#### 3 Ergonomic

As easy to open and close as a kitchen drawer, loading and unloading requires minimal bending. Easy-to-use folding tines allow you to place large pots, platters and bowls into the drawer with ease.

#### 4 Efficient

A choice of nine wash programmes, including an Eco option to minimise water and energy usage.

#### 5 Safe

Includes a key lock and child safety lock.

#### 6 Eco friendly

Uses only 9.3 litres of water on a Normal Eco wash programme which gains a 4 star (WELS) water rating.

### OneTouch™ Dishwasher

OneTouch™ is a highly intelligent dishwasher, delivering exactly the right wash at the touch of just one button. The designer, fingerprint-proof stainless steel door and easy-to-read digital display add the final, elegant touches to a dishwasher that looks great in any kitchen. The OneTouch™ dishwasher also features the latest in sound dampening materials and wash pump technology ensuring an exceptionally quiet wash.

---

- 1 Innovative**  
Automatically selects the most appropriate washing profile after analysing the condition and amount of dishes getting washed. It can hold 14 standard place settings.
  - 2 Convenient**  
Adjustable, fold down tines, cutlery drawer, bottle support and generously sized cutlery basket give you plentiful options. OneTouch™ can also take large plates up to 30cm in diameter.
  - 3 Intuitive**  
This dishwasher does the work for you. Just press a single button to start and then walk away.
  - 4 Responsive**  
OneTouch™ automatically selects and applies the most appropriate of five different wash programmes.
  - 5 Precise**  
Uses different water pressures at the upper and lower baskets for even wash control across the whole load.
  - 6 Eco friendly**  
Has gained 5 star (WELS) water efficiency, using a remarkably low 11.1 litres for an average wash.
-

**DishDrawer™ Wide Dishwasher**
